

IECHOTECH Pen Plotter

It has double pulling paper tightening system. It's adaptable to different specs of paper such as 72inch/63inch/48inch. It's adaptable to any kinds of special graph pens, ordinary ball pens, water pens, mark pens, etc., graph cost is low. Panel in the front of equipment can control speed, pen strength, paper wrapping, paper testing freely, operation is easy.

Parameters:

Type	Iechotech 90	Iechotech 160	Iechotech 180	Iechotech 220
Paper Width Max	1008mm	1680mm	1930mm	2330mm
Plot Width Max	900mm	1600mm	1800mm	2200mm
Plot Length Max	Unlimited			
Roll & Feed and Take- up	Roll	Roll & Feed and Take- up		
Drawing paper	50-110g drawing paper			
Paper Sizes (inch)	24"--36"	36"--63"	36"--73"	36"--86"
Max Paper Roll Dia. (inch)	6.5"	6.5"	6.5"	9"
Max. Plotting Speed	60cm/sec			
Distance Accuracy	0.15% or 0.1mm			
Repeat Accuracy	<±0.1mm			
Minimum Character Size	5mm x 5mm			
Pen Pressure	50g-240g			
Acceleration	4g			
Interface	Identify automatically by serial port /parallel port			
CPU	16Bits DSP			
Drive Way	Stepping subdivision motor			
Power	110/250V 50-60HZ 120W(Max)
